

Bunny Care Sheet

Grooming

- ♥ [Video](#) - how to cut bunny nails to prevent problems such as curling
(takes 5 min every 4-6 wks)
- ♥ Brushing - a fun bonding activity to prevent intestinal fur blockages
- ♥ [Website](#) - Litter-box training
- ♥ Do not use wood shavings in the litter box
- ♥ Start small then increase the run area
- ♥ Add one or more litterboxes. Add some hay to encourage him to get in.

Rabbit Proofing

- ♥ [Website](#) - Use cord protectors; use zip ties to pull cords along wall
- ♥ Place cords behind drawers and use shoe boxes or books to fill space underneath
- ♥ Place timothy hay mats over bunny "hot spots" to protect carpet. Place extra litter boxes to prevent accidents

Toys

- ♥ Rabbits love to knock, nudge, jump and hide!
- ♥ Play time gives rabbits exercise and keeps them from chewing furniture

[Website](#) Items for chewing: phonebook, crumpled paper bag, cardboard boxes, pine cones

Items for playing: roll toys like balls or dull tins, baby toys hung on cage or placed on the ground

Dangers

- ♥ [Website](#) - GI stasis: Small, dry, misshapen, or stringy droppings
 - Take to vet immediately if they stop eating
- ♥ Use care when handling your bunny. Rabbits have powerful legs so if they kick too hard while being held they can break their back

Rabbit Rescue is a
501(c) (3) no-kill
shelter.
